CHEW NETWORK

WHOLESALE & SUPER WHOLESALE AFFILIATE PARTICIPATION AGREEMENT

POST-PAYMENT ENROLLMENT | WHOLESALE • SUPER WHOLESALE • PROMOTIONAL PACKAGES • ADD-ON CREDITS

Effective date: _____

("Company" / "Chew Network")

Affiliate legal name: _____ ("Affiliate")

Email: _____ Phone: _____

1 | Enrollment Selection & Purchase Confirmation

SELECT ONE PURCHASE OR ENROLLMENT TYPE (and mark Elite only where applicable):

□ Wholesale Promo Package — published price $180; coupon CHEW100; promotional price $80; 1,000 credits; targeted subscribers: 6–12+.

□ Wholesale Fast Track Package — published price $4,999; coupon CHEW1000; promotional price $3,999; 25,000 credits; targeted subscribers: 50+.

□ Add-on Credit Purchase Only (complete Section 11).

Amount paid today: $_____ Payment date: _____

The promotional package terms above apply only when the corresponding coupon is accepted at checkout and the qualifying payment is verified. Where package benefits differ from standard tier allocations, the selected promotional package controls. Bonus credits for Super Wholesaler and Elite are in addition to base credits and must be confirmed by Company. Payment purchases program services/credits, not shares, equity, securities, or a guaranteed return.

2 | Included Benefits by Enrollment Level

Upon verified payment and onboarding, each new enrolling participant receives access to an affiliate back office and the Company-managed credit-distribution network at SeeItCookIt.com and approved individual sites. Standard Wholesale Affiliates receive 3,500 credits and one branded Company-managed website or landing page unless a signed order states otherwise. Promotional package purchasers receive the credit quantity stated in Section 1. Super Wholesalers and Elite Super Wholesalers receive their selected base and documented bonus allocations, a Company-managed branded page, and the ability to allocate available credits to approved Wholesale Affiliates, subject to Company controls. All tiers may distribute eligible credits through approved pages and the central hub.

3 | How Credits Work

Credits are promotional usage units issued free to eligible See It. Cook It. app users. Company maintains one central ledger for purchased credits, bonus credits, transfers to wholesalers, allocations through individual sites and the SeeItCookIt.com hub, user redemptions, reversals, and remaining balances. Super Wholesalers and Elite Super Wholesalers may transfer credits from their available balance to approved Wholesale Affiliates through Company systems; transferred credits are deducted from the sender's balance and recorded against the recipient without duplication. Credits are not cash, are not redeemable for cash, and do not guarantee subscribers or sales. Eligibility, redemption limits, fraud controls, expiration (if any), and unused-credit treatment are governed by published program rules and applicable law.

4 | User Attribution, Targeted Visitors & Affiliate Dashboard

Users who obtain credits through Affiliate's assigned page or through an allocation attributed to Affiliate in the central hub will be associated with Affiliate in Company tracking, subject to identity matching, fraud checks, duplicate-account rules, privacy law, and the attribution policy disclosed in the back office. Company will report distributed credits, eligible attributed users, qualifying revenue, adjustments, and commissions. Dashboard user information may be limited; Affiliate may use personal information only as authorized by Company and law.

PROMOTIONAL TARGETS. For the CHEW100 Wholesale Promo Package, the stated 6–12 target refers to targeted visitors, not necessarily registered users or paying subscribers. For the CHEW1000 Wholesale Fast Track Package, the stated 50+ target refers to a

marketing/acquisition objective for subscribers, not a promise that 50 or more paying subscriptions will be delivered. “Targeted” means Company seeks to direct or attract an audience relevant to See It. Cook It.; it does not guarantee a particular conversion, purchase, retention period, or commission. Targets may be pursued through approved affiliate pages and central-hub distribution as users become available. No fixed delivery deadline applies unless specified in a signed schedule.

Targeted-subscriber / visitor campaign notes or separately agreed deliverables (if any):

_____

5 | Commission Categories, Attribution & Payout Terms

A. USER REVENUE: Each eligible participant may receive 50% of the qualifying revenue base from properly attributed end users, subject to the selected definition and program adjustments. This is separate from the wholesale-credit-sales commission.

☐ 50% of gross receipts actually collected (excluding taxes and refunds)

☐ 50% of net receipts after store/payment fees, taxes, refunds, and chargebacks

☐ Other written definition (attach schedule): _____

Qualifying products: ☐ subscriptions ☐ watermark removal ☐ other: _____

Payout method: ☐ Amazon Credit ☐ Apple Casht ☐ Deposit ☐ Money Order

B. WHOLESALE CREDIT SALES: Super Wholesalers and Elite Super Wholesalers are eligible for a 25% commission on qualifying, actually collected credit-package sales to Wholesale Affiliates properly referred or attributed to them, as recorded by Company. Calculation basis: ☐ gross collected receipts excluding taxes/refunds ☐ net collected receipts after payment fees/refunds ☐ other: _____. Transfers of previously purchased credits, bonus grants, and free distributions do not themselves generate the 25% commission. A paid qualifying purchase is required; no double commission is payable on the same sale unless approved in writing. Refunds, chargebacks, fraud, and taxes may adjust commissions. No earnings are guaranteed. Commission policies may change prospectively under Section 10.

6 | Website Setup and Program Operation

Company targets standard website/account setup within 90 days after receipt of required onboarding materials, without guaranteeing traffic or income. Company may use shared templates, update app features, credit eligibility and operational processes, and manage the central credit pool. Material changes to already purchased credits will be handled under applicable law and written purchase terms. Bonus allocations and add-on purchases must be recorded in the ledger and confirmed in writing.

7 | Affiliate Marketing and Conduct

Affiliate may promote the program using approved materials and truthful claims. Affiliate will not promise guaranteed income, claim that Amazon, Apple, or Google endorses the program, misrepresent affiliate status as company ownership, spam consumers, or misuse user information. Affiliate is responsible for advertising expenses and compliance with advertising, privacy, email, SMS, and other laws. Company owns the app, brands, software, and core systems; Affiliate receives a limited, revocable permission to use approved assets while in good standing.

8 | Refunds, Cancellation and Termination

Enrollment and credit purchases are nonrefundable after 3 days, except where applicable law requires otherwise. Either party may terminate for material breach with notice and a reasonable cure period, except for fraud, unlawful conduct, or serious security violations. Access to Company assets may end upon termination. Earned, undisputed commissions remain payable under applicable terms. Treatment of unused purchased and bonus credits upon termination is subject to applicable program terms and law.

9 | Risk, No Guarantees and Independent Status

Affiliate understands this is an early-stage business program. Results depend on customer adoption and actual purchases. Company does not guarantee any number of visitors, users, paying subscribers, earnings, investment returns, or a future valuation. Package audience targets are objectives only. Affiliate acts as an independent business participant, not an employee, legal partner, agent authorized to bind Company, or equity owner. Affiliate is responsible for applicable taxes on compensation.

10 | Standard Agreement Terms

This Agreement and any signed schedules are the entire agreement for this enrollment and supersede inconsistent promotional statements. Company may update program policies, commission percentages, qualifying revenue definitions, payout schedules, attribution rules, and payment methods in its discretion from time to time, including with immediate effect where permitted by applicable law, without individual advance notice. Updated terms may be made available through the affiliate dashboard or program website. Changes apply prospectively to qualifying activity on or after their effective date and do not reduce commissions already earned under the terms then in effect. Continued participation after an update constitutes acceptance to the extent permitted by law; an Affiliate who does not accept may discontinue participation. Changes to enrollment benefits already delivered require written agreement of both parties. Legally required notices may be sent to designated emails. If any provision is unenforceable, the remainder continues to the extent lawful. Electronic signatures and counterparts are permitted where valid.

11 | Add-on Credit Purchases & Order Record

This Agreement also governs additional credit purchases by an existing participant when documented below or in a Company-confirmed attached order. Each purchase is added to the central ledger and does not automatically change tier, commission, or other rights. Credits may be used through the hub, participant page, or approved wholesale transfers according to tier.

□ Add-on purchase at signing

Credit quantity purchased: _____ Bonus credits: _____ Total credits added: _____

Price paid: $_____ Date: _____

For later add-on purchases, Company and purchaser may sign a separate order referencing this Agreement; each accepted order is incorporated into it.

| Acknowledgment & Signatures

By signing, Affiliate confirms receipt of the program description, acknowledges the payment and selected package, and agrees to the terms above, including the completed revenue-share and cancellation fields and the distinction between targeted visitors, targeted subscribers, and guaranteed results.
